TOWN WARRANT

To the Inhabitants of the Town of Warner in the County of Merrimack in said State qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Warner on Tuesday, the ninth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year.

Art. 2. To raise such sums of money as may be necessary to defray Town charges for the ensuing year, and to make appropriations for the same.

Art. 3. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the purchase of new road equipment.

Art. 4. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town in anticipation of taxes.

Art. 5. To hear reports of Officers of the Town heretofore chosen, and pass any vote relating thereto.

Art. 6. To see if the Town will vote to raise and appropriate the sum of \$100.00 for the purpose of publicizing the natural advantages of the Town, in connection with other Towns in the Dartmouth-Lake Sunapee Region.

Art. 7. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the control of White Pine Blister Rust in the Town, in cooperation with the State Forestry Department.

Art. 8. To see if the Town will vote to raise and appropriate the sum of \$150.00 for the construction of a culvert on the road leading from Main Street to Pine Grove Cemetery.

Art. 9. To see if the Town will vote to accept the American Legion Hall, as presented in motion passed at

the last legally held March meeting, and make any amendments thereto.

Art. 10. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twentieth day of February, A. D. 1943.

From the above table it will be noted that there is a distinct drop in the number of pupils registered, and in average attendance. This is due to the departure of parents to work in centers where war materials are being manufactured. Next year the decrease in number of pupils will be even more marked. Other items in the table are not much changed. The total number of pupils registered was 262. Two other Warner pupils attended school in Bradford. Of those attending in Warner 15 were elementary tuition pupils, and 49 high school tuition pupils. This makes the number of pupils residing in the district and attending public schools 198, a decrease of 35 from last year.

During the year expenditures for repairs and equipment were curtailed as far as possible on account of the war. Teachers and pupils were instructed to economize in the use of supplies. As usual supplies for the schools of Supervisory Union No. 26 were obtained under bids from six or eight firms, and purchased at lowest price. In spite of increased costs, expenses in these items were held to about the usual figure.

During the summer the superintendent had to replace 23 teachers in the Supervisory Union. In the fall term three more teachers left. Candidates to fill these positions were hard to find.

TEACHERS' SALARIES

For the school year 1943-44, for which appropriations will be made in March, 1943, it will be necessary to provide substantial amounts for increasing teachers' salaries. Otherwise our teachers, particularly our best teachers, will seek better paid positions. There will be fewer and poorer teachers available to take their places. School boards will be wise to contract early with their teachers at a good increase in salary. Under present conditions a \$50 raise does not greatly attract teachers whose salaries are low. Salaries of beginning women elementary teachers will probably be at least \$1,000. Very few will be available at the Teachers' Colleges, even at that.

At the Graded School we have been able to reduce to four the number of teachers for 1942-43. This is due to the considerable decrease in the number of pupils in the lower grades. As the small room formerly used as a class room is no longer needed for that purpose, we are able to prepare school lunches at the Graded School. This is being done by

Mrs. Esther Randall. Funds for the purpose are being supplied by the Warner Women's Club to whom we extend our thanks in behalf of the School Board, teachers and pupils.

Beginning in November 1942, "Penny Milk" has been furnished to all pupils desiring it in the high and graded schools.

In September 1942 the farm shop program at the high school began work under much better conditions in the new shop at the Masonic building. New tables, chairs, and filing cabinets were provided by the school district, and the State Department of Education loaned about \$300 worth of tools. The room which was formerly occupied by the printing office of A. G. Fish has been fitted with radiators connecting with the central heating plant, suitably wired for electric lights, and remodelled to accommodate the necessary equipment, and provide room for repair of farm machinery.

Since May 1942, our teachers have assisted in the O. P. A. rationing of sugar, gasoline, and fuel oil by registering consumers in this and nearby towns. School as usual, is as impossible as business or farming as usual. Changes also have to be made in our curriculum not only to permit boys to go out for farm work during regular school hours, but subjects have to be changed to meet the specific need of young men and women for aeronautics, mathematics, and other practical training. Many of these changes will doubtless be in force for some time to come, or as long as there are labor shortages in industry and agriculture, and high school boys are destined for service in the armed forces. The war program is no longer an extra-curricular activity. It is the principal part of the curriculum.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.

FOREST FIRE WARDEN'S REPORT

As the tempo of America's war effort mounts, demands upon its citizens for service become more numerous and exacting. To some comes the call to arms; others to public service and still others to defense industries and organizations. No one can possibly escape if he would. All must bear a proportionate share of the burden and the sacrifice. Strong first line fronts on land, sea and in the air are needed and can be developed and maintained only if there is unity of purpose and common determination behind the home front.

As men are drawn into service the burden of carrying on rests more heavily upon those forced to remain at home. Here, team work becomes increasingly important because of constantly diminishing manpower. A general breakdown in essential local activities and law observance can only be prevented by whole hearted cooperation between citizens and leaders.

There is no field of endeavor where cooperation and compliance with law and regulation are more needed than that of forest fire control. The most effective and economical effort in this field of activity is that of prevention. The old adage "an ounce of prevention" being "worth a pound of cure" was never more aptly applied than to forest fire control.

The forest fire warden is, by law, the designated local leader in forest fire matters. He exercises his prerogatives and discharges his duties as such under the direction of the State Forester. There was never a time when the warden needed each citizen's good will and cooperation more than he does now. With manpower waning, fire prevention, through efficient preparation, care with fire and compliance with necessary regulations becomes a vital duty of citizenship.

For years efforts have been made to improve the usual bad Spring and Fall fire record. It was not until this year, however, that this problem was, to a great extent solved when permit burning was more rigidly restricted. Forest fire wardens were instructed not to issue permits except on

rainy days. This plan worked out so well it has been decided to make it the established policy governing legal burning.

Everyone is well acquainted with the several civilian defense groups. Many of our fellow townsmen are serving in one or other of them. It is only recently, however, that the Office of Civilian Defense, recognizing the threat forest fires are to our timber facilities and resources and the possible disruption of war activities in critical areas, established the "Forest Fire Fighters Service." Its purpose is to provide fire fighters, equipped and trained, to strengthen the hand of the local forest fire warden; to acquaint the people in the area with their responsibility in fire prevention and suppression and to provide an opportunity for people in and near forested areas to participate in the war effort. The State Forester is the State Coordinator; the District Fire Chiefs are District Coordinators and the Warden is the Local Coordinator. The Forest Fire Fighters Service personnel will be registered under the direction of the Office of Civilian Defense; it will be trained by the local warden and his assistants, aided by the District Chief. Individual citizens are urged to join this service group by applying to their local forest fire warden. By becoming a part of this organization locally, individuals can contribute their share toward the protection of our forest resources which are so vital to the war job.

During this critical period it is more than ever the part of good and prudent citizenship to remember:

1. That permission to burn in or near woodland or where fire may be communicated to woodland must be secured from the forest fire warden when the ground is not covered with snow.
2. To be careful when smoking in or near the woods and not to throw lighted cigars, cigarettes or matches from moving vehicles.
3. To notify your local warden promptly of any fires you see.
4. That fire prevention is the best and cheapest fire insurance.

5. To be fire-minded; be careful; be cooperative and thus help your warden prevent forest fires. This is patriotism at work.

The 1942 fire record for our town follows:

Number of fires, 1.

Acreage burned, town dump.

Cost of suppression, 7.73.

Number of permits issued, 26.

GEORGE M. FREEMAN,
Forest Fire Warden.

BUILDING CODE AND ZONING ORDINANCE TOWN OF WARNER

In pursuance of authority conferred by Chap. 92 of the 1925 Laws of New Hampshire, and Chap. 42 of the public laws of New Hampshire, and for the purpose to promote the health and safety, convenience and general welfare of the Town of Warner, and to make it an attractive place to live, the following ordinance and building code is enacted by the voters of the Town of Warner.

For the purpose of this ordinance the Town of Warner is divided into zones A and B. Zone A includes the precinct and trunk line from Hopkinton Town line to Bradford Town line. Zone B includes the rest of the Town.

Article I. Nothing in this ordinance shall apply to existing structures or to the existing use of any building, but it shall apply to any new structure or to any substantial alteration of an existing building.

Article II. In zone A the following provisions shall apply.

Section 1. The roof of every building hereafter erected or recovered in whole or in part, shall be covered with fire resisting material, except that this section shall not be construed to prohibit the use of wood shingles in repairing any section of roof now covered with wood shingles.

Section 2. Chimneys shall be constructed of stone, brick or cement to the ground, and extend 2 ft. above the roof to which it belongs, and shall have a cleanout opening at the base; no smoke pipe shall be allowed to pass through floors or partitions separating rooms, and all entrances to said chimneys shall be of fireproof construction.

Section 3. Every dwelling shall have a minimum ground area of 400 sq. feet inside measurement for each family unit.

Section 4. All public buildings and all dwellings constructed or repaired in the future shall be equipped with cesspool, septic tank, sanitary chemical closet or approved vault.

Section 5. Every building shall be set back from the front property line not less than 30 ft. or such distance as shall conform with the average line of existing buildings 500 ft. on either side, and all buildings shall be set back at least 20 ft. from the side lot line.

Article III. In zone B all the provisions of zone A except section 4 (sewerage) and section 2 (signs) shall apply.

Article IV. The owner of any plot of ground intended for development or subdivision into building lots not fronting upon a public highway, shall file with the board of Selectmen a plan or map of the proposed subdivision, and shall obtain the approval of the board of Selectmen thereon before proceeding with the development or sale of lots in said subdivision. It shall be the duty of the board of Selectmen to inspect the site of such proposed subdivision, and to require such roadway and other areas for common use as will eventually be acceptable to the Town for maintenance by the Town, and to approve the same when satisfied that such proposed plans are in harmony with and conducive to the general welfare of the Town and the neighborhood, and not detrimental to existing values, but in no sense shall this be deemed an acceptance by the Town of the street or streets.

Section 2. No signs shall be permitted except the following: Town and State Highway and directional and regulatory signs, historic signs, and those signs to advertise the profession or goods dealt in by the owner or occupant of property on which placed. No sign or group of signs shall exceed 20 sq. ft. outside dimensions, and shall not be placed so as to obstruct view on highway. Locations of signs shall be governed by same rules as apply to buildings in sec. 5.

Article V. Any structure destroyed by fire, explosions, flood, storm or other act of God, may be rebuilt or reconstructed within one year of its destruction except that if a non conforming use is destroyed to a degree of 75% or more as determined by assessed valuation, it must, when rebuilt, conform to the terms of this ordinance in its location and construction.

Article VI. The Moderator shall appoint one person to serve as Building inspector, his duties to be the enforcement of the above-mentioned provisions. Any person before

commencing work on the erection or alteration of any building or structure, must first obtain a permit duly granted for such erection or alteration by the Building inspector. Before a permit shall be issued the Building inspector shall determine that the proposed construction or alteration conforms to all the conditions of this ordinance.

Article VII. For the purpose of this ordinance the Board of Selectmen shall appoint a board of adjustment of 5 members as provided for in Chap. 42, Public Laws and amendments thereto, with the duties designated in the various provisions of this ordinance. The board of adjustment may, in appropriate cases, and subject to appropriate conditions and safeguards, to protect the community interest, make special exceptions to the terms of the aforesaid regulations and restrictions, in harmony with their general purpose and intent, and in accordance with general or specific rules therein contained, and the Laws of the State applicable thereto.

Article VIII. Whoever violates any of the provisions of the above regulations shall be punished upon conviction by a fine not exceeding \$10.00 for each day of each violation. It shall be the duty of the Selectmen to see that this ordinance is enforced and to take appropriate steps to correct any violations of this ordinance in accordance with public laws Chap. 42, Sec. 67.

The provisions of this ordinance may be amended or changed at any regular or special Town meeting, by a majority of the voters present as provided by the public laws.

This ordinance shall take effect upon its passage.

ALTON H. HOWLETT,
Building Inspector.

HAROLD B. HENLEY,
C. LELAND SLAYTON,
WARREN M. COLBY,
CLIFFORD A. ROGERS,
HARRY N. WALLS, Jr.,
Board of Adjustment.
